Thanks. Please let me know if you have any questions. I believe everything is straight forward and information (HTC/CRU) that you were waiting for.

As far as the NFB soil sampling at the end of the month. I am thinking we should plan for March 1st and 2nd for sampling and if for some reason we finish up on March 1st, great. I put in for travel until March 3rd.

Thanks

Attached are the CRU PRG (SSAL) values.

Please update Figure 6 with only Ra-226 soil values.
Also, please revise tables 8a and 9 with the PRG (SSAL) values.

Thanks

Eric
